

CE TYPE APPROVAL CERTIFICATE

n. **289153501/OE**

2015/08/25

This is to certify, that the hereunder described items of Personal Protective Equipment have overcome positively the "CE type examination", proving their conformity to the safety and health requirements of the Directive 89/686/EEC.

| | |
|---|---|
| Manufacturer: (Responsible of the PPE) | SAS-TEC GmbH Volmarstraße 5, 71706 Markgröningen (DE) |
| Type of PPE: | Motorcyclists' limb joint impact protector |
| Category of PPE: | II: Personal Protective Equipment against "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force. |
| Model | "SC-1/77" |
| Description: | made entirely in yellow PU foam. The protectors are provided without any kind of support, since they have been designed to be inserted into special pockets of the protective garments.  |
| Technical Standard: | EN 1621-1:2012 Motorcyclists' protective clothing against mechanical impact - Part 1: Motorcyclists' limb joint impact protectors: requirements and test methods. |
| Intended use: | preventive use against mechanical impacts during motorcycling activities. This item must always be properly connected and fixed to other suitable motorcycling garments and with all other suitable P.P.E in order to ensure the most complete protection of the body. |
| Size range: | H (HIP) Type A. |
| Technical File: | DC-7350 (including Application to RCT and Technical Documents). |
| Test report: | RCT n°343517/E. |
| Basis of evaluation: | applicable requirements of European Directive 89/686/EEC and reference Standards. |

CE TYPE APPROVAL CERTIFICATE

n. **289153501/OE**

2015/08/25

Protective functions: to reduce the severity of injuries caused by impacts.
the protectors give a limited protection against mechanical impact in case of accidents.

Typical test results obtained (see also test report): Method: planar face drop striker at 50 J;
- standard ambient and wet (= after hydrolytic treatment) conditioning;
Performance level: 1

Overall protective level: 1

Note: The Standard provides 2 performance levels with level 2 meaning the higher performance.
The protective functions depend on the correct positioning of the protector, which falls within the responsibility of the user.

Marking:
(see example below) printed on the protector and includes the following information:
- **CE marking** attesting PPE conformity to all the provisions of this Directive (89/686/EEC) and subsequent amendments;
- name of the manufacturer;
- designation of the product;
- pictogram indicating the intended use of the P.P.E with indication of the type, the performance level.
- reference to the technical harmonized Standard.

Note: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements.
The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
