Standards

Assessment carried out according to essential health and safety requirements of Regulation (EU) 2016/425 annex II, applying the following standards:

- EN 420:2003+A1:2009** Protective gloves - general requirements
- EN 13594:2015** Protective gloves for motorcycle riders – Requirements and test methods

Performance levels

- Level 1** Basic mechanical protection
- KP** Impact protection of knuckles

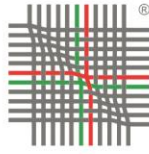

Use

Protective garments intended to give some amount of protection to riders without significantly reducing the ability of the rider to control the motorcycle. Motorcyclists' protective garments are not intended to and cannot prevent traumas caused by high-energy impacts. Other uses than those listed above are excluded.
